

## Mercedes-Benz CLK DTM AMG Cabriolet

**Mercedes-Benz** sold their 100 limited production CLK DTM AMG Coupes in next to no time - it was only natural a convertible would follow. Another one hundred lucky enthusiast (actually probably less as undoubtable their are a few owners out there with a matching set) would get to experience the closest thing to a full blown DTM Touring Racer legally on the road. This time with the wind in their hair.

Besides the wind in the hair bit their is another significant difference between the cab and the coupe and that is the convertible got to keep its four seats.

What a unique combination, a 428-kW - 582-hp 5.5-litre supercharged V8 in a track focused 4 seat convertible. How to frighten the wife and kids. Actually my kids would enjoy it ... the idea of sticky the mother-in-law in the back does bring a smile to my face.

Zero to sixty comes in at just under 4 seconds - enough to test the denture glue. Top speed is limited to 300 kph. The rest of the car remains pretty much the same as the CLK DTM AMG Coupe. Details of which can be found in the previous COTD.

**Rod Halligan**

### Mercedes Benz CLK DTM AMG Cabriolet

- 434.0 kw      582.0 bhp
- 800 nm      590.0 ft lbs
